# Brite: a short introduction

- BRITE aims at the establishment of a framework for the **interoperability** of the Business Registration Authorities in Europe.
- BRITE **transforms** and **harmonises** isolated administrative processes into **cooperative** and **coordinated** actions.
- BRITE adds **transparency** to several **business profiles**
- BRITE improves the **access** to **public filed documents**

# joining the eProc value-chain

# eTendering: better participation

- Faster preparation of evidences while answering a call
  - Faster access to evidences while evaluating a tender
  - Evidences from qualified sources
- ➔ *See the offered example: Road construction in Sweden - TED-2007-88974-EN - 14/04/2007 S73 European Communities – Works contracts – Open procedure*

- Road construction in Sweden
  - ➔ TED-2007-88974-EN - 14/04/2007 S73 European Communities – Works contracts – Open procedure

**SE-Solna: tunnelling works**

**2007/S 73-088974**

**III.2) CONDITIONS FOR PARTICIPATION**

**III.2.1) Personal situation of economic operators, including requirements relating to enrolment on professional or trade registers:**

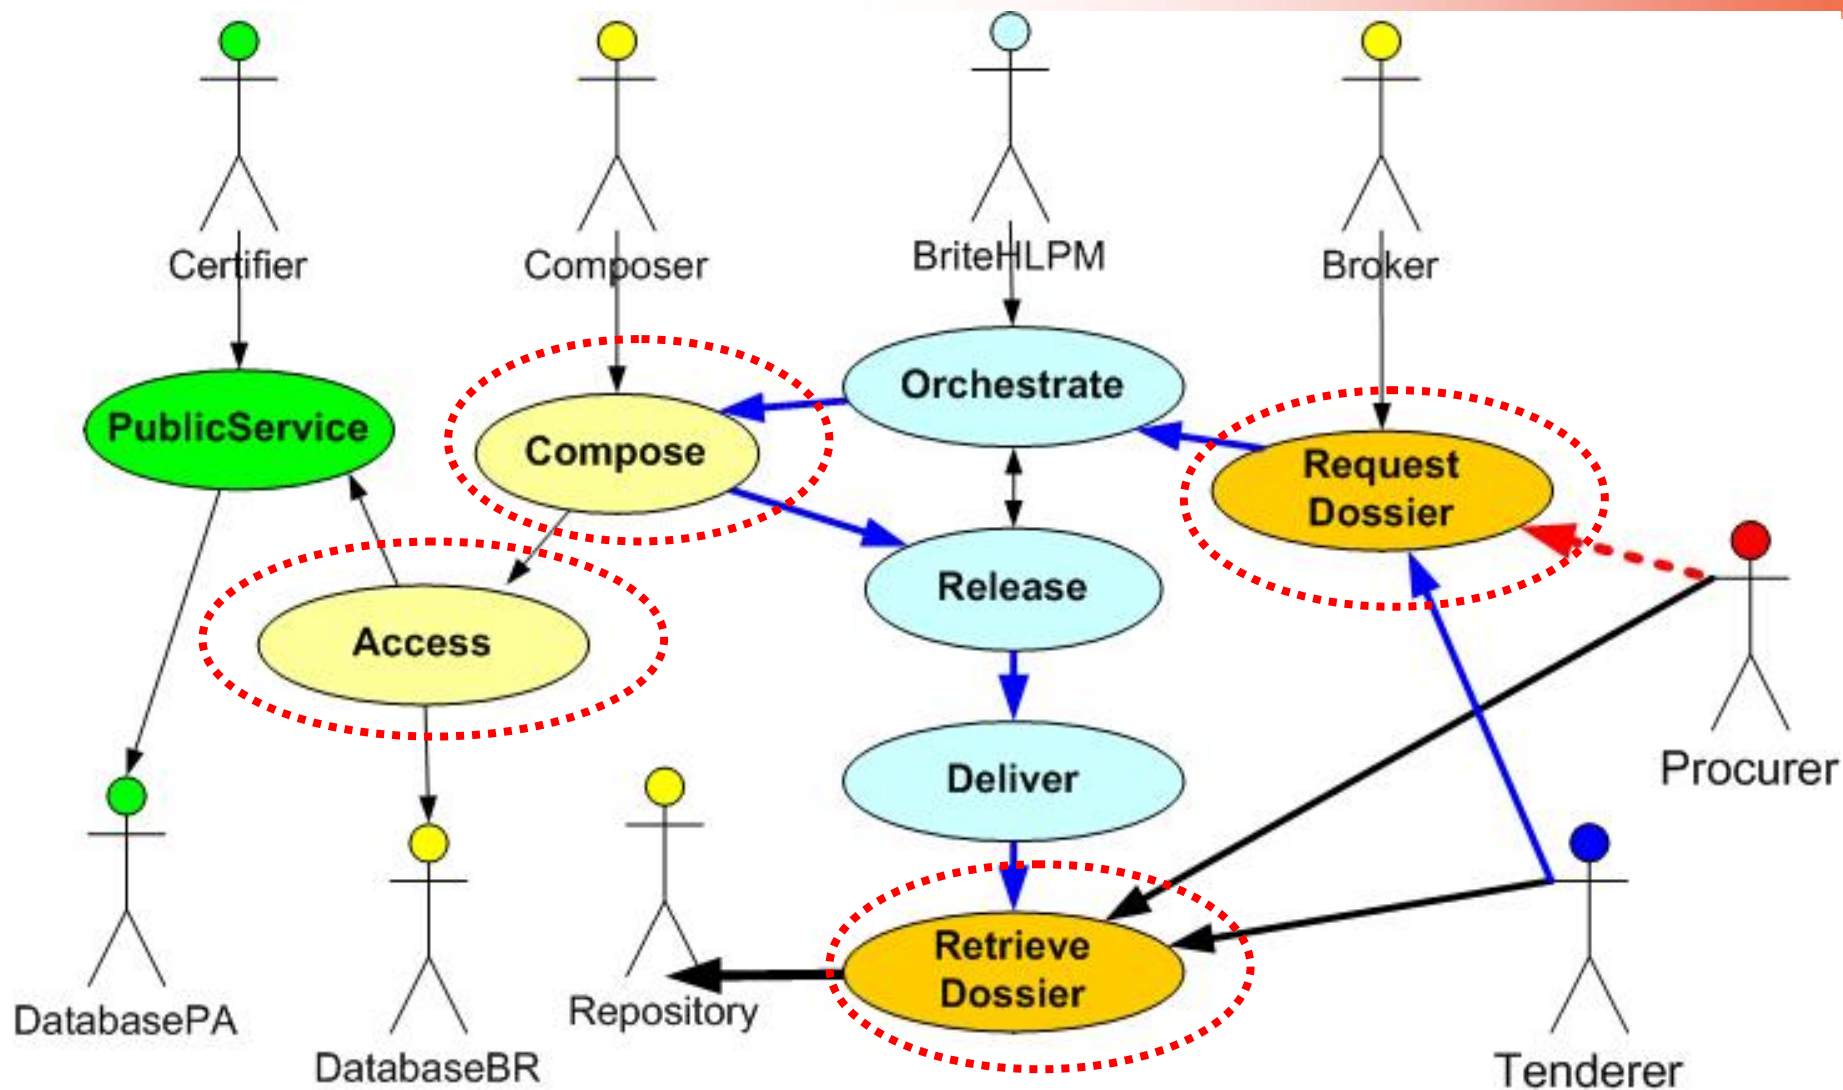

**III.2.2) Economic and financial capacity:**

Information and formalities necessary for evaluating if requirements are met: A yearly turnover of **150 000 000 SEK, year 2004 to 2006.**

- Support a fast assembly of evidences
- Offer a clear identification of figures required for qualification
- Reduce the language barriers
- Uniform the container for the mapping of heterogeneous evidences
- Improve access to information
- Increase availability of information >> more rich profiles

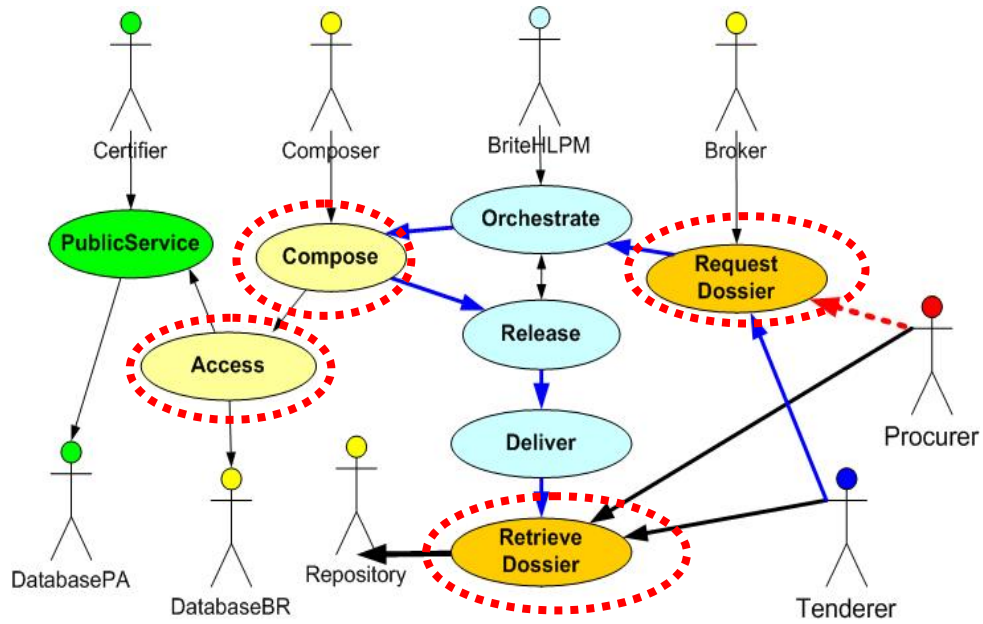

- Focus on a **Common Business Dossier** as the qualified informative package about a Business Entity
- Support the **Tenderers** to **create** and **check** their **informative packages**
- Support the Procurers (tendering Pas) to **check and acquire data** about the tenderers
- Large **reuse of information already submitted** to public authorities

# Brite support to eProcurement

# Brite support : compose a Dossier

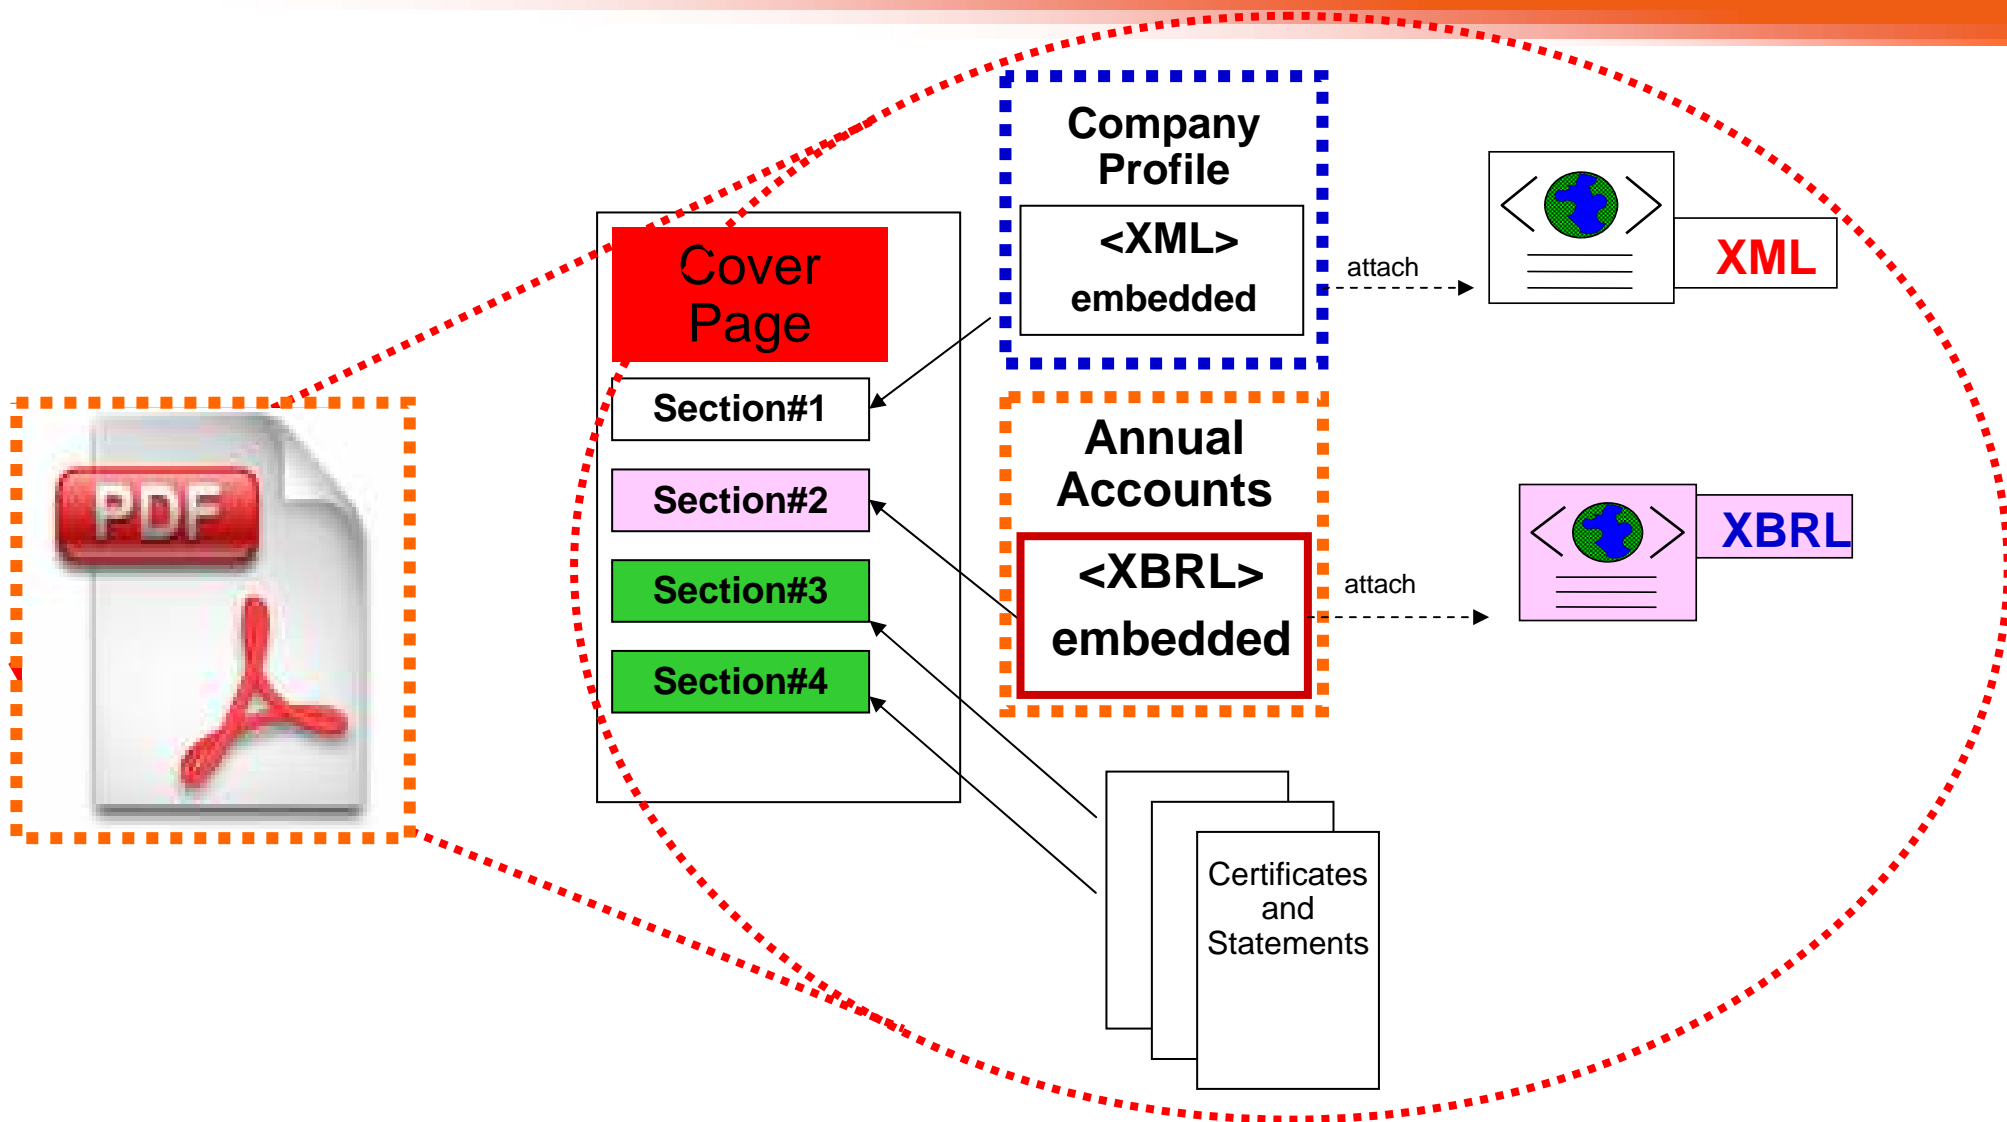

Business Register Interoperability Throughout Europe

Common Business Dossier for  
InfoCamere

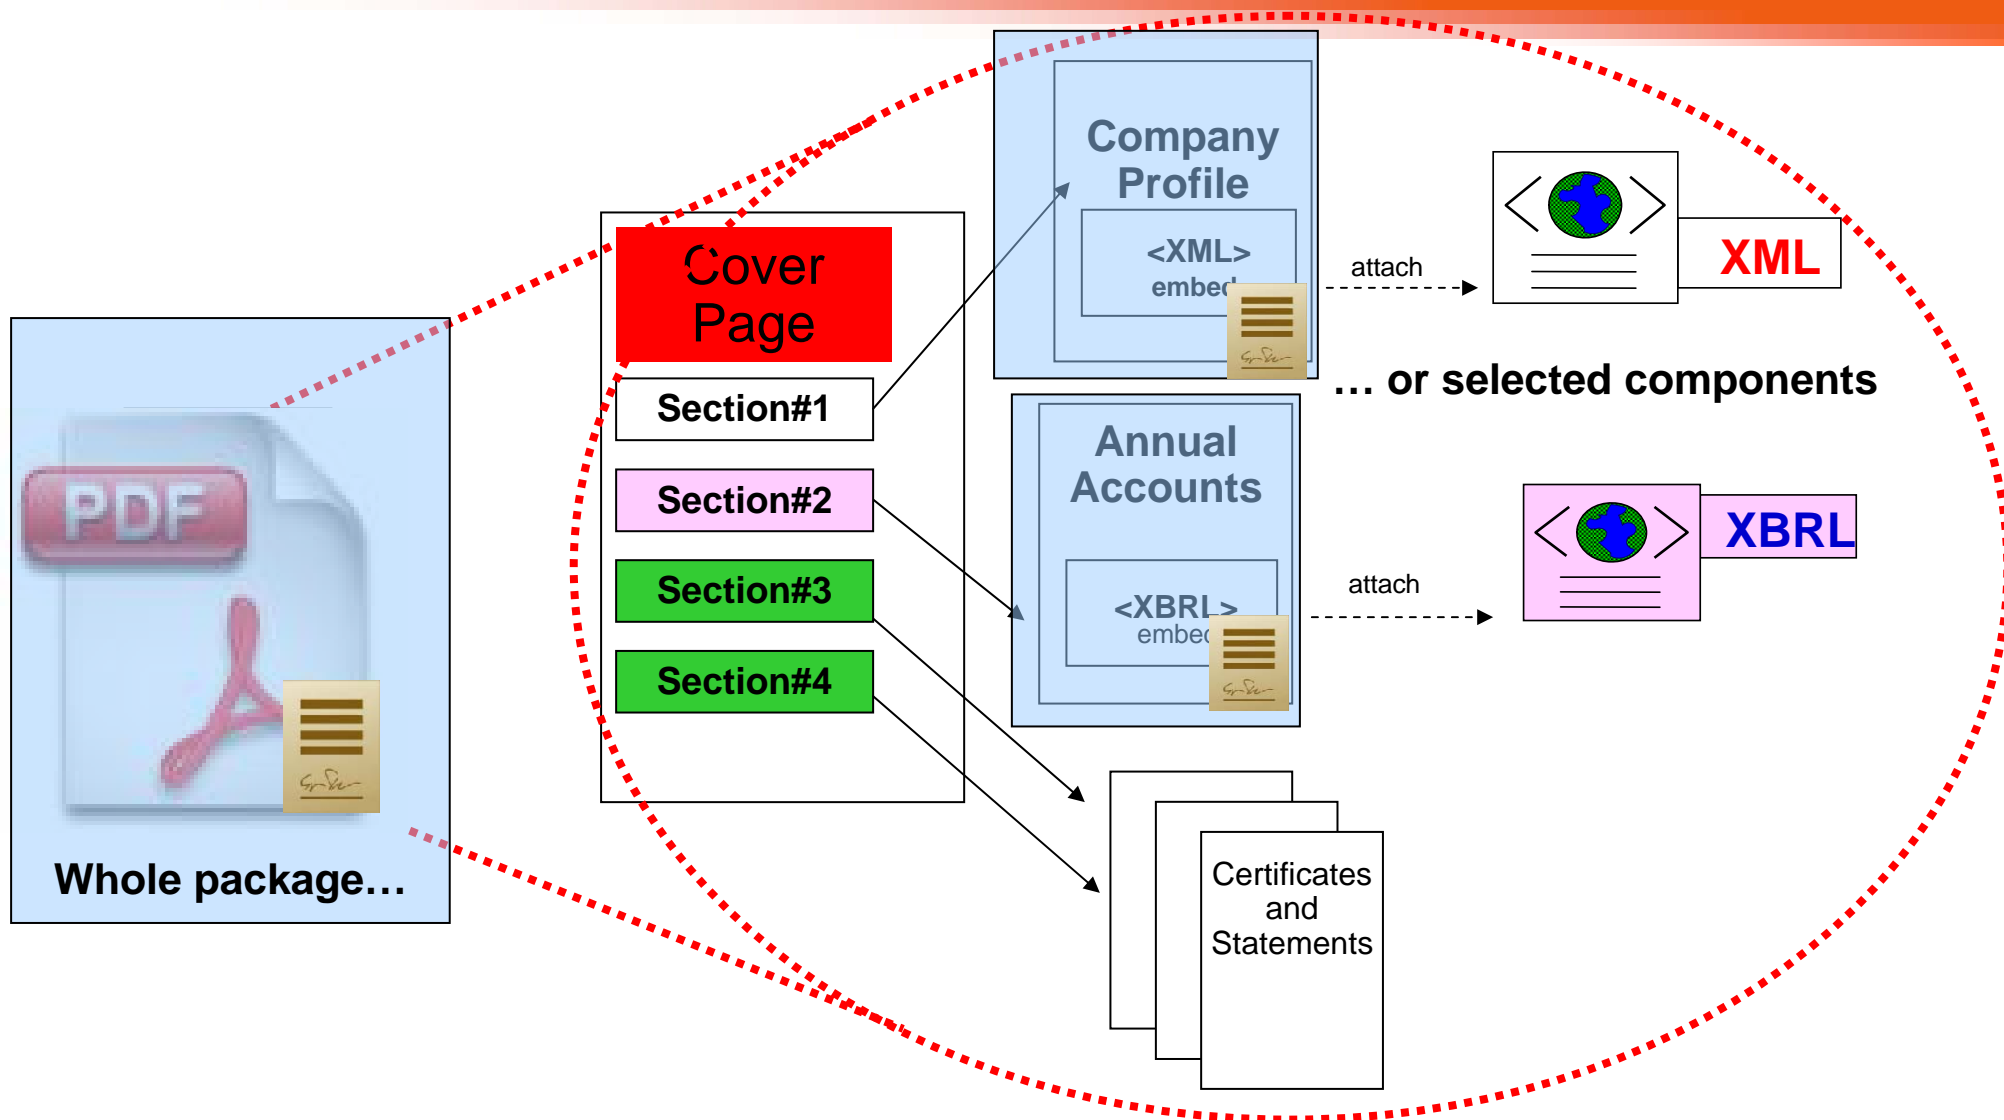

"InfoCamere"

1. Company Profile (with EBR XML data attached)
2. Official Registration Certificate
3. Annual Accounts for 2005 (with XBRL instance)
4. Financial Data Selection: Turnover Data
