HARNESS THE POWER OF
JOINED UP BUSINESS REPORTING

HOSTED BY XBRL IRELAND

Enter a new era of Business Intelligence

*Harness the power of XBRL
to mine the hidden value of your data!*

Enter a new era of Business Intelligence

*Harness the power of XBRL
to mine the hidden value of your data!*

- Communicate without breaking the XBRL chain
- Store as is, no shredding!
- Focus on analysis, not on hard-coding
- Perform cross-instance analysis on the fly

Enter a new era of Business Intelligence

invoke
XBRL Analyzer

 **LIVE DEMO**

- Entirely taxonomy-driven and compatible with highly dimensional taxonomies such as FINREP 2012
- Querying data over thousands of instances using intelligent matrices that require no hard-coding
- Enhanced usability through simple parameterization
- Based on the *XBRL extension to Oracle Database 11g* that provides high performance storage and retrieval technology
